- 2. To receive and acknowledge the financial movements for the period 1st April 2020 to 31st October 2020.**

473. Conclusion of Audit for the year ending 31st March 2020:

The Parish Council's external auditor, PKF Littlejohn LLP, have completed their work on the Parish Council's accounts and issued their report which states:

On the basis of our review of Sections 1 and 2 of the Annual Governance and Accountability Return (AGAR), in our opinion the information in Sections 1 and 2 of the AGAR is in accordance with Proper Practices and no other matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met.

There are no other matters affecting their opinion which they draw to the attention of the Council.

474. Rolvenden Pre-school:

The following communication has been received from the pre-school:

"Our current situation is getting quite precarious due to a number of factors (mainly due to the dreaded Covid). Without help now we may struggle to remain open through into the next school year.

We began the year with a healthy bank balance, but the enforced closure due to lockdown meant that we lost income from fee paying parents. The government furlough scheme only paid a small portion of our wages. We are aware of 3 children who would have come to us on funded places who have pulled out due to covid. We also lost out on claiming additional pupil premium funding for disadvantaged families during the closure.

Since re-opening, our cleaning bill has increased 3 fold due to staff spending extra time each week cleaning as well as the cost of all the products used daily.

We are unable to run our usual fundraising efforts due to ongoing Covid restrictions and we are aware that many families are struggling financially at the moment anyway. This is also affecting the number of hours taken up by fee paying parents as many of them cannot afford as many hours as they would like.

We are looking at steps to reduce our outgoings by cutting our opening times to four full days per week. This will reduce our rent and wage bill. We have consulted with parents who would be affected and they are willing to move their children's days.

We are being as economical as possible with resources and not spending on new items at the moment. We do have plans to improve the garden thanks to a £1000 grant available from our local pre school collaboration, which must be used for improvements to the setting rather than ongoing running costs.

What we really need at the moment is a gift of money to go into the bank to support us with our running costs during this unprecedented time. We are still offering our parents a vital resource and the children attending our setting are thriving. We know there are many more local families who will benefit from our pre school in the future, provided we can ride the current storm and survive to see another year”.

Resolved: The Parish Council wish to support the Pre-school group and will make the sum of £2,000.00 available for running costs.

475. Stolen Funds:

The Insurance Company are yet to respond to the loss adjuster’s report. No response has been received from the Solicitor regarding the comments fed back regarding the letter from Lloyds Bank.

476. S106 funds and projects:

The legal agreement from Ashford Borough Council in respect of the Layne Play Area is still awaited, therefore it is unlikely that the installation of the new equipment will coincide with that at the Streyte as the order cannot be placed until such time as the agreement is to hand.

477. Pavilion project:

Further to the Parish Council meeting on 20th October, minute 462 refers, the War Memorial Trust have made contact with the various user groups to arrange a meeting to discuss the project, however due to the introduction of the second lockdown from 5th November to 2nd December the date has yet to be arranged.

Whilst the advice given is to establish a Community Interest Company to administer the project, until such time as the user groups have met and understood the implications in terms of the costs of running the facility and a charging basis formulated, this should be held in abeyance.

Early indications are that grant funding will be required to build the pavilion and current research of the major sport funders has shown that any grants being made available are Covid 19 related. It is therefore recommended that no further action is taken until such time as a realistic cash flow forecast is produced.

478. Land bequest:

The solicitor advises that he has again sent a chaser to the executors to sign the requisite documentation for the transfer of the land and allotments to the Parish Council.

The allotments at the present time are not protected by statute as they are privately owned, therefore at the present time it would be inappropriate for the Parish Council to fund improvements to the site as it could be sold. It would be more appropriate if works are urgent that the allotment holders contacted the executors to fund the works.

479. Planning matters:

1. **20/01355/AS – Rolvenden Primary School, Hastings Road, Rolvenden – Extension** to provide two classrooms and WC block to replace existing separate demountable's.

Resolved: The Parish Council supports the application.

2. **20/01465/AS – Land south of Swiss Cottage, Rolvenden Hill, Rolvenden – Storage container** for the storage of animal feed and equipment (retrospective).

Resolved: The Parish Council objects to the application as no justification has been provided for the need for additional storage as to the knowledge of the Parish Council there are no horses kept at the site, therefore the existing stable complex would appear to be more than adequate.

3. **20/01489/AS – 10 Thornden Lane, Rolvenden – single storey front extension.**

Resolved: The Parish Council supports the application.

4. **20/01536/AS – Land adjacent to 35 Gatefield Cottages, Gatefield Road, Rolvenden – Erection of a proposed holiday let cabin with associated access, parking and landscaping.**

Resolved: The Parish Council objects to the application on the following grounds: The development will intensify the overall density of the area, making it cramped and causing significant harm to the character of the area and the built pattern of the existing development, being characterised by mainly two storey dwellings in reasonable large plots.

It would result in the loss of an open piece of land that contributes in a positive manner to the visual amenity of the street scene.

It would be detrimental to the character and appearance of the AONB.

The homes at Gatefield were built in the 1920s as the first local "Homes for Heroes" following WW1 and as such have heritage value to the village. Their strong design features include hipped and catslide roofs, wide casement windows and real chimneys, with the homes being built in well spaced pairs.

The supporting documents state that the proposal meets RNP11 - it does not as the policy relates to conversions NOT new builds and this proposal would be in breach of clause c anyway in its effect on the amenity of the neighbours.

We believe it also does not meet or is in breach of all of the following :

Ashford Local Plan

HOU10 clauses a & b

HOU15

HOU3a clauses a,b & c plus reference to AONB

EMP11 - this is not an appropriate location, not least as the two neighbouring properties are bungalows for the elderly

ENV3a clause g

ENV3b ref to AONB

SP6 clauses a & h

Rolvenden NP

RNP1 clauses a,b,c & d

480. Merrington Park:

Councillor Barham has obtained details of the land owner and has written an initial letter, a response is awaited.

481. Other items for information:
